

STUDENT SUSPENSION

The power to suspend is limited to the Principal, District Administrator, or any teacher designated by the District Administrator. Such a suspension shall not exceed five days for any one occurrence. If a notice of expulsion has been sent, then suspension may not exceed more than 15 consecutive days, but must be in compliance with State Statute 119.25. Any student failing to abide by the policies of the Board of Education, or any of the other reasonable rules and regulations of the school, may be suspended. If and when a suspension is prescribed, the Principal or District Administrator shall immediately notify the parents. Prior to the suspension, the pupil shall be advised of the reason for the proposed suspension. In all cases of suspension, pupils can be readmitted only upon fulfilling the requirements set down for his/her return and with permission from the Principal or District Administrator.

The suspended pupil or the pupil's parent or guardian may, within five school days following the commencement of the suspension, have a conference with the school district administrator. If the school district administrator finds that the pupil was suspended unfairly or unjustly, or that the suspension was inappropriate, given the nature of the alleged offense, or that the pupil suffered undue consequences or penalties as a result of the suspension, reference to the suspension on the pupil's school record shall be expunged. The administrator shall make a finding with 15 days of the conference.

A pupil suspended shall not be denied the opportunity to take any quarterly, semester or grading period examinations or to complete course work missed during the suspension period.
