

**PUBLIC CONDUCT ON SCHOOL PROPERTY**

All persons who are not students or staff of the Granton Area School District shall report to the principal's office immediately upon entering school property during the hours of 7:30 A.M. and 4:00 P.M. on any day in which school is in session. They shall identify themselves and state the purpose for which they are entering school property. Procedures shall be developed by the principal to govern individuals' access to school property.

Final authority concerning access to school property shall reside with the principal or designee, who shall keep in mind the district's obligation to the safety, welfare and education of its students.

Persons who fail to report to the principal's office, fail to identify themselves, fail to state the purpose for which they desire entry upon school property or who enter school property for improper reasons may be asked to leave school property by the principal or designee and referred to law enforcement for trespassing.

Unless there is a school sponsored activity, it is prohibited for any person between the hours of 4:30 P.M. and 7:00 A.M., to enter into and remain on any public school grounds without obtaining permission from the building principal or district administrator/designee. Such permission shall authorize the person(s) to conduct school authorized business on the school grounds. Any unauthorized presence will be considered trespassing and referred to law enforcement.

Individual(s) use, possession, or distribution of illicit drugs; use of tobacco or e-cigarettes; consumption, possession or distribution of alcoholic beverages on school property or at, during, or before a school activity is strictly forbidden. Appropriate authorities will be notified and the strongest possible legal action will be taken.

The school board or any employee of the Granton Area School District shall not be held responsible or liable for any accident or misfortune that might arise in connection with any non-school program or meeting, on school grounds which would include either inside or outside the buildings.
