

Granton Area Schools “NEW” delay, cancellation and early closing call to parents.

Dear Parent/Guardian:

Granton has started a new communication system that will hopefully help you be better informed of any weather related delays, cancellations or early closings. *From now (Jan. 4th) on you will receive a telephone call that will inform you if Granton is delaying, cancelling or closing early due to inclement weather.*

We have placed the three telephone numbers that you gave us at registration in a data base that will automatically record our message and phone the number(s) you listed to be called.

Granton will continue to inform radio and TV stations of any emergency weather related delay, cancellation or early closing.

We hope this new calling procedure is one more step in better communication.

Yours for EXCELLENCE in EDUCATION & LIFE 24/7,

Arnie Snook, Granton Supt.
