October 10, 2018

To whom it may concern:

On behalf of Granton Area School District, I am pleased to inform you of information in regards to the pool. The pool remodeling project is substantially complete. I would like to thank everyone involved during this process as the pool looks beautiful. The pool project would not be possible if the community members did not overwhelmingly support the pool.

Granton Area School District is committed to the community use of the pool and will work with members to provide access to this great facility. You will find updated calendars on the school's website and Facebook page. We have included the October calendar along with some additional information. The open swim times will begin on Monday October 15th.

The remodeling of the pool and locker room area was a big commitment from the community and we look forward to the community member's use of this facility for many more years. Thanks again for your support!

Sincerely,

Scott Woodington
District Administrator
