

Attention All Area Parents:

Hello everyone! Spring is finally starting to warm us up, which means it is time to start thinking about summer swimming lessons! The following is a list of programs that we will be holding.

Our beginner swim lessons start with Aquatic Swim and Preschool Aquatics. Aquatic Swim is designed to get younger children familiar with the water, and help them learn safety rules. We ask that the youngsters are potty trained before participating in swimming lessons. In Aquatic Safety, kids practice underwater exploration, front and back floating, leg and arm strokes, and proper water entries or exits. Preschool Aquatics will be a step up for those students who have mastered Aquatic Safety but are not quite ready to jump in the pool and swim on their own. Preschool Aquatics classes cover underwater exploration, front and back glides, rolling from front to back floats, and leg and arm strokes (both simultaneous and alternating)

Learn to Swim levels 1-6 build upon the basic skills learned in Aquatic and Preschool classes to transform your child's swimming into full independent stroke completion. For all classes we ask that parents observe lessons from the lobby. We feel that this will enable the teaching staff to have the full attention of the student at all times and will relieve congestion on the pool deck. Parents and families are invited to swim with their children on *Family Fun Fridays*.

Again, this year Pittsville will send a bus from 12:00pm – 1:00pm and Loyal School District will be sending a bus of students from 1:00-2:00 pm.

The Family Fun Friday Swim hours will be from 9:00am-3:00pm. Every student registered for the current swimming lesson session will have the opportunity to utilize the pool with their families during this time frame free of cost. It is an opportunity not a requirement.

Depending on class size and instructor availability, changes may be made to what levels are provided and the times at which each level or class is held. The early sessions fill up fast. We will do our best to accommodate everyone; however, we will be closing sessions when they are full. I look forward to seeing everyone again this summer! Please see the following pages for session dates, class times and pricing information.

Please feel free to contact me with any further questions.
