

PUBLIC COMPLAINTS

Public complaints concerning the school district or its operation should be directed to the office of the Administrator or the Principal. In the event that the complainant decides that the complaint was not appropriately or adequately handled or resolved, the complaint may be brought to the attention of the Board of Education at a regular meeting or if so decided by the Board, a special meeting. To do so, the complainant must notify the District Administrator of the desire to address the Board with regard to the complaint at least one week prior to the regular or special Board meeting, so that it may be placed on the Board agenda.
