

STUDENTS AT RISK

The Granton Area School District recognizes that some students are "at risk" of not completing their public school educational program. The school district will make a concerted effort to identify these students at the earliest possible time and establish a written plan of intervention to prevent premature exit from school in accordance with Wisconsin Statute 118.153.

The Granton Area School District Student At Risk Coordinator will be the building principal. The district will establish an advisory committee to monitor at risk activity. The school administration, guidance personnel or other designated personnel will provide the supervision of all school educational and non-educational student at risk programs. The student at risk personnel will monitor one on one student supervision/evaluation with all student at risk placements.
